### Usage Rate

Depending on stone type and porosity, site conditions at the time of installation and the method of installation, the following rates of coverage will vary.

- 943ml (one quart) of concentrate makes up 60L of cleaning solution.
- 3.8L (1 gallon) of concentrate makes up 242L of cleaning solution.

### Shelf Life

Factory sealed containers of this product are guaranteed to be of first quality for two (2) years if stored at temperatures >10°C and <32°C.

### Subject to Consumer Product VOC Regulations:

#### VOC content:

1.0% (Stone & Tile Cleaner RTU).

0.0% (Stone & Tile Cleaner Concentrate).

### Storage and Handling Instructions

Avoid prolonged exposure to vapours. Use in a well-ventilated area. Do not ingest. Avoid contact with eyes and skin. KEEP OUT OF THE REACH OF CHILDREN. Do not freeze or store above 38°C. Do not mix with other chemicals. Do not release to natural waterways.

### Cautions

- Consult SDS for more safety information.
- Inhalation: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if any discomfort continues.
- Skin contact: Wash off with soap and water. Get medical attention if symptoms occur.
- Eye contact: Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention immediately.
- Ingestion: Rinse mouth. Do not induce vomiting. Get medical attention if any discomfort continues.

### Storage and Handling Instructions

MAY BE HARMFUL IF SWALLOWED. MAY CAUSE EYE, SKIN AND RESPIRATORY IRRITATION. Do not ingest. Avoid contact with eyes and skin. Avoid prolonged exposure to vapours. Use protective eyewear and gloves when handling concentrate. KEEP OUT OF THE REACH OF CHILDREN. Do not freeze or store 38 °C. Do not mix with other chemicals. Do not release to natural waterways.

## TECHNICAL DATA

### Physical Properties

Form	Liquid
Colour	Colourless
Odour	Slight
pH	6.7

## INSTALLATIONS

### Surface Preparation for STONETECH® Stone & Tile Cleaner - Concentrate

Read entire label before using. Use only as directed. Be sure surfaces to be cleaned are swept or vacuumed to remove loose debris. Avoid skin and eye contact with product. Wear protective eyewear and gloves when handling concentrate. Keep children and pets out of the area during application and drying.

### Directions for Concentrate

1. Dilute concentrated STONETECH Stone & Tile Cleaner with warm water according to the following mixing chart:

Use	STONETECH® Stone & Tile Cleaner	Warm Water
Light Duty	59 mL	3.8 L
Heavy Duty	118 mL	3.8 L

2. Apply mixed solution with a damp mop, sponge or appropriate professional cleaning equipment.
3. Clean entire area with mop, changing cleaning solution often to ensure that soil is not redeposited. Wipe or rinse cleaned area.
4. Let area dry completely before using.

### Directions for Ready-to-Use

1. Spray directly on soiled area.
2. Wipe clean with a dry towel, lint-free cloth or sponge. No need to rinse.
3. Repeat for heavily soiled areas using a nonabrasive scrubbing pad and wipe clean with a dry towel.

### Cleaning

Clean tools used during application with water.

## AVAILABILITY AND COST

### Availability

LATICRETE and LATAPOXY® materials are available worldwide.

For Distributor information:

Toll Free: 1800 331 012

Telephone: 07 3865 1599

For online distributor information, visit LATICRETE at [www.laticrete.com.au](http://www.laticrete.com.au)

### Cost

Contact a LATICRETE Distributor in your area.

## MAINTENANCE

Highly alkaline, acidic, ammoniated, or abrasive cleaners are not necessary for daily maintenance and may also degrade the STONETECH® sealer used, adversely affecting stain resistance. Tile and stone routine cleaning with a neutral pH cleaner such as STONETECH Stone & Tile Cleaner is recommended. For tough or difficult to remove soil use STONETECH KlenzAll™ Cleaner, a nylon scrubbing pad or a long handled stiff bristle brush. Please note: Prior to using any cleaning material on a tile, stone, etc. installation, test a discrete area or scrap piece of tile to insure desired results. For additional information, please refer to the TDS 1262 Stone and Tile Care Guide.
